[No Moon Tonight Witness To](#)

No Moon Tonight (Witness to War)

No Moon Tonight (Witness to War) Don Charlwood No Moon Tonight (Witness to War) Don Charlwood This is the breathtaking story of a wartime bomber crew facing the hazards of bombing strongly defended

A questioner is commenting on the previous answer about ...

had seen the moon When the Messenger asked him, "Do you believe that there is no god but Allah and that Muhammad is the Messenger of Allah?" and he answered in the affirmative, he asked him: "Do you bear witness that you have seen the moon?" Hence this hadeeth is evidence that it is permissible to accept the moon sighting from any Muslim

Why the Moon is Small and Dark When the Sun is Big and Shiny

The moon would no more be jealous of the sun than an oyster would be of an elm tree Each is simply different than the other, each with her own work in the weaving of creation Tonight is Rosh Chodesh, the night when we welcome the moon back into her growing cycle And now you want to know - why is the moon so small and dark when the sun is

Summary of the Holy Days for 2020

In our estimation a calendar should use the real sun, moon and stars as they are witnesses in and of themselves - ie, no "two (human) witnesses" are needed to attest to a "sighted crescent" to determine the beginning of the month Levites of old observed the moon throughout the whole month, every month,

st Summary of the Holy Days for 2021

month is to be 29 or 30 days), a full or nearly full moon should be observed to rise The moon is clearly announcing the middle of the month! If instead you relied on the "sighted moon", then the month will have always begun a day or two late, and come the middle of the ...
